ACTIVITIES OF CENTER HARBOR BRANCH of the American Red Cross

68 garments were made for War Relief from materials which were furnished.

30 Navy kit bags were made and filled for the Armed Forces from materials furnished by the Chapter.

129 bed pan covers and water bottle covers were made.

Six pairs of curtains were made for the game room at Grenier Field.

Five stockings were made and filled for patients at the Hospital at Grenier Field.

There were 58,973 surgical dressings made.

In September a hospital bed was purchased and placed in the Library. This bed is for the use of anyone needing it in the community, on recommendation of the physician, and may be obtained by applying to any of the officers of the Red Cross.

Mr. and Mrs. Raymond Kelley acted as a committee to get donors to go to the blood bank in Laconia.

In April, 16 volunteered.

In July, 19 volunteered.

In October, 27 volunteered.

This made a total of 62 pints of blood given by the people of Center Harbor community.

Respectfully submitted,

HELP THE WAR EFFORT BY PREVENTING FOREST FIRES

NO ONE is exempt from helping to win the war! EVERYONE, regardless of age has his or her place in the overall effort! Some men, because of age, are called upon to bear arms; man ships, submarines and planes; minister to the injured and maintain morale. Women, in large numbers, are serving with the armed forces as nurses and members of the several women's military organizations—WACS, WAVES, SPARS, etc. War industry has taken millions of men and women whose accomplishments have been the marvel of the world. Civilians at home are doubling up on their activities because of the shortage in manpower, purchasing of bonds, assisting in numerous patriotic undertakings, maintaining home morale and, on the whole, carrying on with a cheerfulness and determination that is typically American. Yet, despite the time, thought and effort we are all putting into the war effort in general, we are, true to our peculiar American characteristics, heedless and careless about many important things and one of these is FIRE as it relates to our forests.

Much harm can be done the war effort because of our carelessness with fire. Lumber has gone to war in a BIG WAY! Our New Hampshire forests are contributing their full share insofar as manpower permits. Fire, the greatest enemy of the forests, destroys, during each of these critical years, hundreds of acres of valuable trees that could contribute to the war effort. Forest fires disrupt the war's business by taking men from their important work in industry and on the farm and reduces production of necessary war materials and food. Forest fires require the spending of much money and material that might otherwise be diverted into vital war channels. Forest fires are, for the most part, unnecessary and avoidable for ninety-eight percent of

TOWN OF CENTER HARBOR

such fires are, annually, the result of human carelessness—yours and mine. This can and should be remedied—NOW! YOU can help THE WAR EFFORT BY PREVENTING FOREST FIRES! The rules of the game are simple.

1. Always be careful with fire in or near woodlands.
2. Comply with regulations governing the use or starting of fires there. Remember
 - a. You need written permission from your local forest fire warden for debris burning fires when the ground is not covered with snow.
 - b. Be sure your match, cigar, cigarette and pipe ashes are OUT before dropping them.
3. Be fire-minded NOW as never before; be careful; caution others to be careful; be cooperative and thus help your warden, your town, your nation and yourself!

Help the War Effort by Preventing Forest Fires
The 1944 fire record for our town is:

Number of fires	0
Acreage burned	0
Number of permits issued	0

REPORT OF SUPERINTENDENT OF SCHOOLS

“Business as usual” is not a popular slogan in war time, but as applied to school work much can be said in its favor. The strain and worry of war, which affects every family, should have some antidote as far as our children are concerned; and they should be entitled to normal play, normal growth, and a fundamentally sound background of character and knowledge.

This means, first, that the schools must provide opportunity for children to serve and to develop responsibility. Many such activities are carried on today. A “Bundle Day” last October provided from the six districts in my union, nearly a ton of used clothing for needy children here and abroad. The milkweed pod collection, providing floss intended for sailors’ life jackets, netted over \$90 worth at 20c per bag, all schools in the union doing their share. Many pupils from time to time write letters to service men, buy war stamps and bonds, and do their share in many other ways.

In the second place, the schools must keep up the standards of basic education. Soldiers need to read and write accurately or they will misinterpret orders. The multiplication table is more necessary than ever, as mathematics is the basis of so many military calculations. In a real sense, “business as usual,” meaning stress on the old-fashioned fundamentals, is vitally important.

As a third point, the school and home together should strive to keep the emotional stress of war from spoiling the childhood of our boys and girls. The children cannot help being conscious of the presence of anxiety in their home or on the part of the teacher. But laughter, play, rest and freedom from fear are as necessary for normal growth as are study, work and responsibility.

TOWN OF CENTER HARBOR

Finally, it has been said that the foreign policy of a nation is made in the nursery. A child who is taught, at the age of four, not to pick on a younger or weaker playmate, is less apt to favor imperialistic domination by his government when he is forty. Just as we are learning now to wage war, we must learn—beginning now—to wage peace. Our children as well as adults need to be interested in and informed about world affairs. Only by intelligent effort shall war be eliminated from the earth, the sea, and the air.

Respectfully submitted,

ALMON W. BUSHNELL,

Superintendent

REPORT OF SCHOOL NURSE

School Year—1943, 1944

A summary of the work done by the School Nurse during the past year:

Pupils inspected	54
School visits	67

All the children were weighed and measured several times during the year.

Dr. Morrill did the physical examinations on 50 pupils. Result of examinations:

Defective Vision	7
Defective Hearing	6
Defective Teeth	11
Defective Tonsils	3
Nervous Condition	5

Of the seven pupils who have defective vision, six have been checked or have been tested and are wearing glasses.

One pupil was taken to Dr. Hernandez and received treatment for hearing difficulty.

Eight children had their dental work done at a Dental Clinic in Meredith.

Three children were taken to the Children's Clinic for nervous conditions.

I wish to express my appreciation to all who assisted in carrying out the health program.

Respectfully submitted

EVA A. HENEY, R. N.

NOTE

The paper in your Town Report this year is an especially fine weight and grade, much better than usually used. It was not a matter of choice; these days your printer takes what he can get.
